Attractive Andrews Plot Sold To Developer For $135,000

Deal Made Here

Building Or Units Possible

One of the largest real estate deals in the history of Sierra Madre and Hastings Ranch was completed last week when the Raymond D. Andrews tract on W. Sierra Madre Blvd. and S. Michillinda, just across the former street from the Sierra Madre Methodist Church, was sold for $135,000.

Purchaser was the Davis-Baker Co., real estate dealers of 393 Green St., Pasadena, and the transaction was handled by Harry A. Lange and Associates of 81 W. Sierra Madre Blvd., Sierra Madre. Davis-Baker also has a branch office at 3360 E. Sierra Madre Blvd., Hastings Ranch (Pasadena).

ASKED WHAT the property will be used for, Richard Davis of the company, said either dwelling units or a professional building is contemplated.

Proper address of the plot is 692 W. Sierra Madre Blvd. It comprises 1.9 acres, with 369.98 foot frontage and a 224.72 foot depth, and has long been one of the most desirable tracts in either Sierra Madre or Hastings Ranch.

It also is across S. Michillinda from La Salle High School, while directly northwest is the Upper Hastings Shopping Center, including the extensive Von's Market.

JUST LOOK what the Easter Bunny brought "Aunt" Brigitte — a cute little nephew, Brady Gruber, only 8 weeks old. "Auntie" Brigitte herself is 2 years, 4 months old. Brigitte lives with her Mommy and Daddy, Mr. and Mrs. Robert La Lone at 335 Acacia St. in Sierra Madre. Little Brady resides with his folks, Mr. and Mrs. George (Sonny) Gruber, Jr., at 55 N. Baldwin. Mrs. Gruber is Brigitte's big sister Polly. We wish a joyous Easter to everyone, including Brady's proud grandparents, Mr .and Mrs. Robert La Lone and Mr. and Mrs. Robert N. Schmitt of 430 E. Montecito, also Brady's great-grandma, Mrs. Mary (Mom) Kiggins at 51 Esperanza.

Parks Sworn In As Council Organizes

Sierra Madre's newly-constituted City Council Tuesday night reelected W. Webster Vannier as mayor for a second term. Councilman James F. Abernethy was chosen vice-mayor.

Having completed the official count in the election of Tuesday, April 10, Council swore in Frank R. Parks for his first term, and incumbents Ralph R. Rule and Abernethy, the other successful candidates in the recent election. Mayor Vannier and Councilman Severin L. Sorensen are the holdovers.

Mayor Vannier has been mayor for the past two and one-half years and a member of Council for three and one-half years. He was elected first to his present post two years ago. Originally he was appointed as successor to David Wood and later became the city's chief executive when Mayor James resigned to remove East.

COUNCILMAN PARKS has been chairman of the City Planning Commission and formerly was head of the city's Republican organization. With his wife and four children, he resides at 155 Olivera. Just who his successor on the Planning Commission wil be is still speculative.

Transaction of putting the new city administration into the saddle lasted less than an hour and had picturesque trappings with City Clerk L. Marie Warfel the presiding officer.

Attending, among others was Councilman Parks' family — his wife, Marie, and their four children, Eleanor, 14; Sharlene, 10; Ronald, 8, and John, 6, a wholesome Sierra Madre family, who naturally looked pleased as the head of the house took his oath of office, together with Councilmen Rule and Abernethy.

FOLLOWING taublation of the vote checked carefully by Mayor Vannier and Clerk Warfel, the election was declared official.

Council, with Lorance L. Lisle making this his last official act as he is retiring from office due to press of business, then adjourned to an adjoining room where its members ,Councilman Rule puffing vigorously at his usual long, black cigar, debated selection of a mayor. After 15 minutes deliberation, they returned to Council Chambers.

Mayor Vannier and Councilman Abernethy were promptly placed in nomination as mayor and vice-mayor, and elected unanimously.

The new Councilmanic family begins its official meetings next Tuesday night. Clerk Warfel reports the candidates—Parks, Rule and Abernethy — have submitted statements declaring each had expended less than $200 in the recent campaign.

The new Council faces many important problems. Among them are building of the flood-mud prevention and carry-off systems for the Michillinda-N. Sunnyside area, the Skyland Dr. section; completion of several extensive sewer systems costing thousands of dollars, the ever-present water problem and new lighting for W. Sierra Madre Blvd.

The citys' financial condition also presents itself, as funds must be found for the flood-mud prevention systems. Members of the police department also seek a suitable pension system and better pay.

Firemen's Easter Egg Hunt This Saturday

There'll be 225 dozen eggs, each gaily colored, and also 58 golden eggs, hidden about Memorial Park grounds this coming Saturday morning when the Sierra Madre Volunteer Fire Department stages its annual Easter Egg Hunt and Party.

The golden eggs are redeemable at the Park House for bountifully filled Easter baskets. Party starts at 10 a.m., and all Sierra Madre Boys and girls up to 11 years of age are invited to take part. Fire Chief Charles E. Brown will be in direct charge, and give the signal starting the hunt.

Funds for the party are raised each year by the Firemen's Dance held in early December. Eggs are colored by the firemen and their families.

Apartment House Builder Scheduled For Jail Term

Ronald D. Margolin, 23, a Sierra Madre apartment house buider, arrested some weeks ago on a charge of violating Section 653f of the Penal Code in connection with what police charge was an attempt to bribe Police Officer Douglas Tucker, was scheduled this week to start a 5-day sentence in County Jail.

Margolin also was sentenced to pay a $250 fine when he pleaded guilty in Pasadena Municipal Court to a lesser charge of attempt-

Toal value of all building permits for Sierra Madre for 1961 amounted to $2,326,000, according to a just released comprehensive survey of building permits prepared by the Research Department of Security First National Bank and released through E. W. Wiegel, vice president and manager of the bank's Foothill - Rosemead branch. This compared to $1,748,000 for 1960, a gain of $528,000.

Nuetzel Apartment Building Opponents, In Statement, Ask Master Plan Retention

Will we stick with our Master Zoning Plan and retain the residential character of Sierra Madre, or will we take a step toward becoming a town of apartment dwellers?

This was the crucial question discussed at a meeting of hillside property owners last Friday night at the home of Mr. and Mrs. Oliver Abraham, 470 Foothill Ave.

The meeting was one of several called to study the Henry Nuetzel request to rezone 50 acres, now zoned R1-15,000 for single family residences, to R-3, for multiple unit apartments.

IT WAS unanimously agreed that this zone change request should be firmly denied by the City Planning Commission at their hearing set for 8 o'clock tonight at City Hall.

Decision to oppose the zone change was based on these points:

"1—According to the Master Zoning Plan, fine homes, not apartments, should be built on this prime residential land located in the northwestern part of the city. To build apartments here would make a meaningless mockery of the Master Zoning Plan.

2—This lovely area deserves home owners who will become an integral and permanent part of our community life.

3—This proposed zone change is clearly a case of spot zoning which is a threat to all property owners who bought under the protection of the Master Zoning Plan."

Sierra Madre Seeks Feather River Water

Sierra Madre, Azusa, Alhambra and Monterey Park, comprising the San Gabriel Valley Municipal Water District, have adopted a resolution dispatched to the State Department of Water Resources at Sacramento requesting immediate start of negotiations for 50,000 acre-feet of water from the allotments of Feather River water provided for the Southland.

This is the outcropping of two meetings last week which will have important effects on the long range water supply for this area and therefore the growth and industrial development of Sierra Madre and the rest of the San Gabriel Valley. Admittedly, the Sierra Madre situation is the most serious of all.

THE FIRST meeting occurred last Wednesday night at the regular monthly board session of the San Gabriel Valley Municipal Water District held in Alhambra City Hall, and attended by Sierra Madre City Administrator Lawrence C. Bevington and other Sierra Madre officials.

Dr. David Wood, Sierra Madre representative and president of the board, received the report of the district's consulting engineering firm of Leeds, Hill and Jewett on the need for supplementary water and possible sources. Harvey O. Banks, former State Department of Resources head, now vice president of Leeds, Hill and Jewett, submitted the report.

THE OTHER water district in the area, the Upper San Gabriel Valley Municipal Water District, on Thursday, April 12, received a report from Thomas Stetson, president of Stetson, Strauss and Dresselhaus, on the same

Lee Shippey Writes On Speed

We now have passenger planes which can whisk us from coast to coast in four hours and are planning planes to do it in half that time, or less.

If we keep progressing at the present rate we may soon have planes which will zoom us from coast to coast so fast we can't see anything en route except a blur.

Think what a triumph it will be when we can travel from California to New York so fast we can't see and absorb one-tenth as much of the nature of our country as Thoreau gained from a leisurely, contemplative stroll past Walden Pond!

That will be wonderful but not half as informative, inspiring and memorable as a walking trip I once took in France. I progressed about five miles a day but learned a lot about every town I passed through and every quaint old inn in which I stopped. I'm sure no trip to the moon could be so plea-

This year ,250 varieties of Holland bulbs were planted and were in glorious bloom for a week. Some varieties had two-foot stems. TRAVEL-FAX

By John Baldwin Seales

A word of thanks to the fine merchants whose generous contributions to the door prizes at last week's Travel Film Show, added an intriguing extra touch to what we hope was a worthwhile evening.

We much appreciate the cooperation of Roess Market, Jimed Richfield Station, Brown's Furniture, Toy and Patio Village, Gullett and Harris, and Mr. and Mrs. Ed Fladung, for their worthwhile gifts, and for their participation in what we hope will become a worthwhile feature of community entertainment in the city.

* * *

THOSE WHO attended the show saw a most intriguing film depicting just a few of the highlights of a vacation in the Orient. For those who missed our comments that evening, we would like to repeat that, contrary to popular conceptions, the fall is as fine a time as any to visit the Far East, and in some respects probably the finest time of all.

There has never been a finer selection of trips from which you may choose; ranging from 'round-trip cruises on fine modern ships which serve the area, through air/sea combinations, to full scale escorted air tours covering all the major points of interest.

* * *

FROM THE MANY available we have culled a few which we feel to be espcially worthwhile, either in respect to their coverage, or value for money, or often a combination of both. We would enjoy the opportunity of talking to you about these various trips, to show you which would best suit your particular interests and ideas.

There are some fine colored folders describing the trips available on receipt of your call or card.

Young Bomb Suspects to be Sentenced

Charles Albert Schneider, 19, and Malcolm Bruce Douglas, 18, arrested by Sierra Madre police in connection with a threatened bombing of Colbert Manor, Woodland Dr., pleaded guilty to a lesser charge, that of malicious mischief in disturbing the peace in Pasadena Municipal Court last week.

Schneider, giving his home at 932 Portola Ave., Arcadia, and Douglas, 9462 Oak Glenn Rd., Beaumont, were placed on probation pending sentence later.

THE TWO were accused of manufacturing a homemade but destructive bomb, intending to throw it at Colbert Manor from which they had been ejected earlier. They later smashed windows in the Manor and, in turn, were fired at by one of its occupants.

Sgt. Robert Heasley conducted the investigation leading to their arrest and discovery of the bomb which they had thrown away when surprised by police.

The Wilson Junior High School orchestra, directed by Mr. Robert E. Simon, held its annual concert for the Sierra Mesa pupils Thursday morning in the cafetorium. According to Miss Betty Newton, principal, the performance was outstanding and well-received. Featured violin soloist was June Takahashi, former student at Sierra Mesa.

Mrs. Charles Glazbrook, teacher, reports excitement has run high among her pupils since the eggs brought by Mrs. Kenneth Jamieson have hatched in the incubator. 'Know Your Town' Panel Will Be Conducted at Park House on May 16

A panel on "Know Your Town Study," moderated by Mrs. Carl Sidle, will be conducted by the Sierra Madre unit, League of Woman Voters, Wednesday, May 16 from 9:30 to 11:30 a.m. at the Park House, it was announced at the last meeting held at the home of Mrs. Kenneth (Ann) Clare, 502 Crestvale.

Final workshop on the current topic is scheduled for May 9. Meeting at the Clare home featured presentation of source material on the United Nations and presented by Mrs. Allen Nevins.

MRS. ROBERT STONE completed the morning's agenda by explaining the non-partisan Voters' Service maintained by the League.

Some of its services are furnishing deputy registrars; issuing, printing and distributing the "Facts for Voters" bulletin; providing nonpartisan information on ballot measures and candidates.

Mrs. Stone explained the procedure a bill passes through before it becomes a law, using the Mexican Farm Labor bill as an example.

The role a representative or senator plays as an elected public official was discussed and the question asked, "How do you decide your vote?" The answer lies in active participation to become a more informed voter.

Sierra Madre Schools Has Speech Aid

Mrs. Kathleen Peters is part of the team of eight speech therapists who handle speech problems in the Pasadena schools from kindergarten through 14th grade. She comes to Sierra Madre school on Monday to help those children who need special attention in speech development.

In September Mrs. Peters began her speech program by surveying all children from kindergarten through 3rd grade, checking for possible speech problems. In grades four through six the teachers referred children felt to have a speech problem.

FORM THOSE surveyed a weekly schedule has been arranged. Each week all four kindergartens are visited with a speech improvement lesson usually in the form of a game or story which emphasizes oral communication, participation, and also stresses the correct placement for sounds commonly misarticulated by children.

Rest of the day is scheduled for small groups of children, usually a half hour duration, for specialized sessions in speech correction. Such devices as the tape recorder and dramatizations are used to stimulate speech improvement .The program is geared to the needs of the children.

SINCE PARENT understanding and cooperation is encouraged, letters were sent to the parents of the children scheduled for speech to let them know speech services are available in our schools. Often conferences are held to help the parents and speech therapist better coordinate a program of understanding and speech retraining.

Mrs. Peters feels that oral communication is of paramount importance in helping children toward success in all areas, academically as well as socially. It is toward this goal that she strives to help our young people in speech skills.

Youth Dance Cards Now Being Issued

By Jerri Rowe

In addition to the rules issued last week for conduct at the teen dances at the Youth Hut conducted under supervision of the Youth Coordinating Council, it is announced that membership cards now being issued, will cost $1 a person for the year expiring in June, 1963.

These cards must be purchased if young folk plan to attend the dances regularly. Those who are not members must be with a person having a membership card.

FOR EACH guest the charge is 25 cents. This money will be used in keeping up the Youth Hut and for buying records. On the card will be written the members' name, address, phone number, parent's name, and a number making the card non-transferable.

Records will be placed by the chaperones' table and will be played in a fixed order. This is to prevent one type of record being played all night and to keep in good condition the records brought by members and those belonging to Youth Hut.

The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever noticed how this column is forever starting off with "HAVE YOU ever?" You could say, "No, in fact I've never even noticed the column." Would that be funny? No.

Why not? Because true humor, which often has tragedy on the other side of the coin, has too much depth ever to be found in the thin obviousness of the "wisecrack." Besides all that, I used to be paid for this sort of thing, but now that I'm buying it's not so funny.

* * *

TAKE IT easy, Clark! Make a few mental notes — "Thoughts at Random," as many a columnist has said when he can't think of anything else.

Purpose of the column: to let people know about the Plaza Shop. Keep this in mind. Never forget the woman who read it for three weeks before she discovered the Plaza Shop "for real." Until she saw the mannequin in the "glass doorway" she thought you were writing an allegory devoted to weather forecasts, lovers of sunsets, sailing experiences with dolphin at the bow — and Bird Watchers .

* * *

THE PLAZA SHOP is real —in more ways than some people can know until they experience it. That's why, with our price-range called "unbelievable," we now have a few of those fabulous dresses from the famous "Edith Small Collection." (Trudie's experience as charter member of California Fashion Designers and former manufacturer reaches into many inner sanctums.)

The imported lace on that dress of blue, for instance. (Don't say "blue dress" — means nothing; try the word, "ethereal.") Although skeptical of the word, "imported," I have to say this: It is layer upon layer of lace, almost no weight. Weblike. Any craftsman, from glassblower to bridgemaker, could admire it.

* * *

HAVE YOU ever, if you will pardon the expression, read W. H. Hudson's "Green Mansions?" He tried hundreds of adjectives to describe the dress of his magical heroine, but the best he had was "prismatic." (Good word. Use it.) That's the dress — and there are more.

That does it kiddies. Say thanks to your customers from 17 cities (this publication reaches farther than you think) and put away your typewriters. There's always another day, and a lot more to say about "The Montecito Plaza — 39 East."

Until then,

Fashion shows, corny capers, a trip to the ball game, and a home tour make news in the social whirl of last week and next — plus, item notes on holiday travelers!

* * *

"SPRINGTIME USA" was more bestowed on the gala luncheon at the Peppermill. Donna Gillmore has become quite a pro at creating fashions news both on and off stage. Last week she gathered fashions from internationally famous California designers — Oleg Cassini, Peggy Hunt, Edith Martin, Leslie James, plus men's apparel by Gus May, jewels by Garda and luxurious furs; and all professionally modeled.

There was even the latest in unmentionables by Gossard, most cleverly presented.

A Dee Dee Johnson dress, (door prize), was won by Carmen Miller's guest, Charlene Wilkerson of Alta Oakes. Delightful table decorations comprised painted faces on light bulbs, wearing precious hats and popping out of hat boxes.

Among those attending were Club President Mrs. Franklin Williams and President-elect Mrs. George E. Berger; plus Pat Horn, Barbara and Lorraine Hickman, Janice Gordon, Betty Coates, Phil McGee, Carol McCabe, Sue Merriman, Betty Wyatt, Diane Thornton.

THE "CORNY CAPERS" presented by Las Compeneras last week were a howling success!

Of course, this was their fourth annual Caper, and the gals are becoming quite professional about it all — professionally corny, I mean.

Mrs. James Wentz ably directed "A Day on TV, or 24 Hours in Wasteland," and Kathy Snyder accompanied the high jinks at the piano.

Mesdames Malcolm Murison, William Morzov, Robert Farmer, James Fay and H. Alfred Dunn were cast in "Queen for a Day." Mmes. Robert McKnight, George Fasching and Kenneth Boyce did a dance act.

Naturally, there was a tear-jerking soap opera with Mmes. William Morzov, Paul Ross, Allan Pulsifer, Guy Knudson and Warren Newton.

During one zany act, Dr. Melinda Mercurochrome (Marge Rowley), performed a fake operation, with the assistance of two delightful nurses — Mrs. Allan Pulsifer and Mrs. Robert Meason wearing flowing Greek-like robes and waltzing through Eaton's dining room throwing flower petals at everyone!

* * *

NEWCOMER Lynn Paton was introduced to her neighbors at a coffee co-hosted by Mrs. Brewster Benedict and Mrs. Carmen Farmer. Invited guests included Imogene Everhart, Gloria Murison, Helen Fay, Pat Olson, Pat Porter, Marty Newton, Mary Shipman, Lucy Walther, Isabelle Stires, Barbara McGraw, Mary Ostrander, Vivian Mead, Betty Knudson, Gerry Dunn, Peggy Wardlow, Barbara Hendrickson, Alice Rice and Yvette Gould, Lynn's husband, Walter, is a member of the Pasadena Police Department; they have three children and live in the Pepperhill home formerly occupied by the Hofsons Mike and Larry flew down to Loreto in Baja, California, for a week of fishing and skin diving — Mary and Don Monroe are getting away from it all in San Francisco while Grandmother looks after things on the home front.

* * *

EDWARD AND BERTHA WATTS take off May 12, flying SAS for a five-week European holiday. They have a wonderful trip planned with their two children, Cynthia, 9, and Brian, 6, and the children's grandmother, Mrs. Viola Johnson from Texas. Their plans include a visit with relatives in Sweden, then on to London, Paris and Nice.

* * *

FOUR FAMILIES holidaying at Balboa Island include Pat and Bill Olson houseguesting for a few day with the Robert Farmers, staying down for the week. While Fran and Gordon Wright will have the C. D. Hays at their Island home.

This same group went to Hawaii together several years ago and have continued getting together once a month. Happily the meeting spot is Balboa this month and includes all their youngsters too!

Oh, and seeing the Pacific for the first time is the Gordon Wright's charming houseguest from Oslo, Norway, Christine Svenson. Pat Olson's parents, Mr. and Mrs. F J. Nannestad spent a delightful afternoon chatting in Norwegian with Christine before she took off for Balboa.

* * *

MARY AND JIM VERHOVEK, of Tropical, have a new baby girl! They've named her Catherine Marie, and that makes three daughters for the Verhoveks.

THE DISTINCTIVE home tour sponsored annually by the Altadena Guild of Huntington Memorial Hospital has always been well attended by home decor enthusiats of the Ranch This year it's a "Study in Contrasts" of a traditional English country house, one with a Far Eastern flavor, a contemporary home, and a typical California ranch style. Guild members are locally renowned for their floral accents and table settings. You may tour the four homes and enjoy a lovely dessert tea at the Altadena Town and Country Club April 25, 12:30 until 5 p.m., by calling Mrs. James Peterson, SY 4-4484, for reservations.

MR. AND MRS. JOHN Blumer opened their home on New Haven Rd. in Hastings Ranch for a Mu Sigma Ways and Means Buffet Supper Sunday night. The setting was the patio where guests were greeted by the committee dressed in Gay 90's costumes.

Hostesses were Mrs. Blumer and Mrs. James P. Gruettner, with the assistance of Mrs. Roy Meyers, president. Echoing the mood of the evening were Jack, Jim and Roy, acting as waiters in clever red vests, derby hats and painted moustaches.

A bottle of champagne was won by Mr. and Mrs. Carl Lamb. Not entirely in the spirit of the Gay 90's was "The Twist" done by several couples. Among those particpating in the fun raising event were Messrs and Mmes Fred Behrens, Carl C. Lamb, Alyce McCulley, John Livingston, Berne Miller, Hal Wendt and Dr. and Mrs. Wayne Morrison.

Demos Will Hear Candidate Mellon

Knox Mellon, candidate for the Democratic nomination for Congress from the 24th Congressional District, will discuss medical care for the aged at the next meeting of the Sierra Madre Democratic Club, to be held on Monday evening, April 23 at 8 p.m. at the Sierra Mesa School cafetorium, 160 N. Canon Ave., Sierra Mesa, according to Mrs. F. William Simmon, the club's legislative action chairman.

There is litle need to explain the glory of this final week of Easter time. There are so many emotions expressed in the progressive church rituals and services; the injustice of the sentencing of Jesus; the Way of the Cross and its significance in our own lives; the death, burial and resurrection — all are celebrated to give us a time for reflection and atonement.

There are few among us who have not been judged unjustly, but to be judged so and to forgive — we all have one form of cross or another to bear through life, but by bearing it and helping others to bear theirs do we reach our stature and gain strength.

Few are called on to die for a cause, but we are all capable of understanding the sacrifice that was made so that we might live.

It is a beautiful time of year because it shows that through grief and strife do we attain joy and happiness. What better way can I say "Happy Easter?"

EUROPE is getting to be just a step away and many of our hillites are doing just that.

Mr .and Mrs. John Kariotis of Barnite recently returned from a four-week skiing tour of the Continent.

They started out in Munich where they picked up a car. Then they drove into Austria where they spent a few days skiing, on down to Cortina in Italy, back through the Brenner Pass to Davos in Switzerland.

Then to St. Anton in Austria, back to Munich, Hamburg, and finally they took a boat and train to Copenhagen for a three-day stay.

They had a perfectly marvelous time in Copenhagen. As Cris says, they even attended the ballet with the King, although he wasn't aware that he was attending with them.

I told them I had never heard of anyone going that far to ski and they opined that if I were a skier I would understand their enthusiasm .The snow, for the most part, was perfect and the scenery beyond description. Skiing or no ,sounded good to me.

IN THE LINE of trips, Mr. and Mrs. John Fincke of Wynn Rd. had a dinner and bridge party last weekend to honor Mr. and Mrs. Eugene Koch who will be leaving within a week for an extended motor tour of Europe.

Guests were Mr. and Mrs. John Chapman, Mr. and Mrs. Aikman Armstrong and Mr. and Mrs. L. L. Meikle.

MR. AND MRS. EDWARD HALPERIN of Old House Rd. were among the local travelers. They went "Stardusting" in San Diego for a few days. While there they spent a little time with Everett and Elaine Hitchcock, former residents of this area.

MR. AND MRS. WALTER DORN of Sierra Madre Villa celebrated their 25th wedding anniversary down that way at the Half Moon Inn on the new Shelter Island. A little bit of the tropics at our back door.

They were there for five days seeing the sights of the southern part of the state and going on into Mexico.

Dr. Durfee Speaks On Child Rearing

Speaking before a large and enthusiastic group at the Sierra Madre Community Nursery School, Monday night, Dr. Marion B. Durfee stressed that one of the most important considerations for parents in child rearing is to help their children become acquainted with their emotional life, and for the parents to become expert in letting the children know that the parents accept and understand the feelings.

Dr. Durfee, medical director of the Child Guidance Clinic of Pasadena, also pointed out that understanding the child's feelings does not mean that we will change the rules in his favor. Children have a right to their feelings and the parents have a right to be consistent in their rules.

DR. DURFEE also stressed the importance of building the youngster's conscience which in his early life is much the internalized voice of the parents.

If a childs' conscience is to mean anything through his life there must be consistent firmness by the parents but the rules should not be enforced in anger. There must be an agreement of firmness and of affection.

In continuing the discussion, Dr. Durfee emphasized the importance of building the child's concept of himself.

This means emphasizing the good and desirable qaulities in the child with as much sincerity and enthusiasm as we point out the faults. A child can be given a positive concept of the kind of person he is by letting the child know he resembles some adult whom he admires. This gives the child a goal to strive for and live up to .

IT IS MORE important to praise what that child is than what he does.

Dr. Durfee was the second speaker in the annual Spring lecture series presented by the Sierra Madre Community Nursery School in cooperation with the Pasadena City College Extended Day program.

Dr. John Joe Risser will speak on April 23 on "Know Yourself and Help Your Child." The series this year deals with the general topic of "Parents and Children Under Pressure."

There will be a plant forum discussing the many orchid plants brought to the meeting by the members. All visitors are welcome.

Sometimes the banquet speaker is a good talker, but he has an impediment in his thoughts.

Mike Murphy Tells About Studio Visit

By Mike Murphy, Age 12
Sierra Mesa Pupil

The 6th grades of Sierra Mesa School visited the Columbia Broadcasting Studio in Los Angeles Friday, April 6. The class made this trip in connection with their study of communications.

It was exciting to see how the people operate behind the cameras. There were many things to see there: television cameras, crew hands at work, bright lights shining on the stage, 200 lights and enough electricity to light up 150 to 175 ball parks; contestants as they played the game, and soundmen as they worked a long pole with a microphone at the end of it. It was interesting to watch the man that directed the audience with hand signals for its part of the program participation.

AFTER THE PROGRAM "Video Village" was completed, the pupils were conducted on a tour of the studio. We were shown the wardrobe department which contained hundreds of colorful costumes, prop department which consisted of balsa wood doors, fake rocks, windows, etc.

There was a special schoolroom for children who work in the studio, with tutors to teach them. We also visited the set where "The Verdict Is Yours" is taped.

It was a great moment in my life to see the behind the scene activity of how television is transmitted into our homes.

NOTICE INVITING BIDS
For Construction of SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 73

Pursuant to statute and Resolution No. 1860, adopted, January 23, 1962, by the City Council of the City of Sierra Madre, California and an act of the Legislature of the State of California designated as the "Improvement Act of 1911," as set forth in Division 7 of the Streets and Highways Code, sealed proposals will be received at the office of the City Clerk of said City, 55 West Sierra Madre Boulevard, Sierra Madre, California, until 10:00 o'clock a.m., on May 3, 1962, for furnishing all plant, labor, materials, and equipment for construction of sanitary sewers in Assessment District No. 73. Sewer pipe shall be EITHER vitrified clay pipe OR asbestos-cement sewer pipe at the Contractor's option. A combination of the two pipe materials will not be permitted. The work includes 6,684 linear feet of 8-inch sanitary sewer line, 373 linear feet of 6-inch house laterals, 3,531 linear feet of 4-inch house laterals, 200 vertical feet of standard manholes, 34 vertical feet of drop manholes, miscellaneous concrete encasement, and sand bedding. All quantities are approximate. Said work is more particularly described in Resolution of Intention No. 1833, adopted November 14, 1961, and amended January 23, 1962, by the City Council of said City. The entire work is contained in a single bidding schedule. All work must be completed within 120 calendar days after date of execution of the contract.

The city has caused exploratory borings to be made along the alignment of the sewers. Logs of these borings are plotted on the plans. Copies of the soils report made by Converse Foundation Engineering Co. may be inspected at the City Hall or the office of James M. Montgomery.

The proposals will be publicly opened and read in the Council Chambers of said City on the date and at the time above-mentioned. The bids will be presented to the City Council at 8:00 p.m. on May 8th, 1962. Plans and specifications and all contract documents may be obtained at the City Clerk's office of said City, or at the office of James M. Montgomery, Consulting Engineers, Inc., 535 East Walnut Street, Pasadena, California, upon payment of a deposit of ten dollars ($10.00) for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specification is entitled "SPECIFICATIONS FOR CONSTRUCTION OF SANITARY SEWERS IN ASSSESSMENT DISTRICT NO. 73". Reduced prints of the original drawings are bound in the specifications. The scale of the reduced drawings is about one-half the original scale. If full-scale drawings are desired for estimating purposes, they may be purchased at reproduction cost from James M. Montgomery, Consulting Engineers, Inc.

Each proposal must be accompanied by a certified check in the amount of ten percent of the aggregate amount of the proposal, or by a bid bond for that amount signed by the bidder and two sureties, or by a corporate surety bond, as a guarantee that the bidder, if an award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of the last-mentioned bonds shall be in the sum of not less than fifty percent of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the price stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rates of per diem wages and not less than the general prevailing rates of per diem wages for legal holidays and overtime work, for each craft or type of workman needed to execute the work contemplated under the contract, as ascertained by and set forth in the schedule of such wage rates specifically hereinafter set forth and adopted by the City of Sierra Madre, California, shall be paid to all workmen employed on said work by the Contractor or by any subcontractor doing or contracting to do any part of said work, which schedule of wage rates is as follows:

subject.

Both reports primarily centered around the two major sources to be available in Southern California: State Contract, better known as Feather River Water, and Metropolitan Water District (MWD) which will use a joint supply of Colorado River water and Feather River water.

THE TWO REPORTS were amazingly similar:

(1) Both recommended that the Districts contract with the State for water because of cost, quality and reliability of future supply.

(2) Both recommended that the two Districts and other parties not presently included in MWD enter into joint development, financing and use of facilities to bring State water into the area from the end of the State facilities, since this would result in a 20 to 30 per cent savings in costs.

(3) Both recommended that the underground basin be used for storage of the water and that it be withdrawn as needed by normal pumping.

(4) Both considered two possible routes to use from the State constructed line to the local area, with Stetson recommending consideration be given to bringing the water in over the mountains by means of a tunnel from Pearblossom into the San Gabriel Canyon and at some future time, recovery of a portion of the expense be met by generation of electrical power from the water dropping into the Valley, while Banks recommended a gravity line from a point called Devil's Canyon (near San Bernardino). Each acknowledged that the other line might be better depending on the total amount of water involved in a possible joint operation.

ACTION OF the San Gabriel Valley Municipal Water District (Sierra Madre, Azusa, Monterey Park and Alhambra) Board was immediate with a resolution dispatched to the State Department of Water Resources requesting immediate start of negotiations for 50,000 acre-feet of water.

The Upper San Gabriel Valley Municipal Water District indicated that early consideration of their next step would soon follow now that the engineering study into sources and cost was complete.

OFFICER TUCKER reported that while in plainclothes, off duty, and eating in the Headliner Coffee Shop, Margolin offered him $100 to obtain the blueprint of the apartment from the offices of the Building Permit Department in City Hall.

This, Officer Tucker says, was on Feb. 2, adding that it was repeated at a second and final meeting the next day. Investigation by the County District Attorney's office resulted in the charge against Margolin who gave his address as 608 Santa Anita, Arcadia.

BUT IT IS inspiring to see how we have progressed in travel, though perhaps not as inspiring as to realize what travelers had to contend with.

Other day I was out in Borrego where some of the Butterfield stage stations are being restored and all the old stage routes are being marked.

A trip along those historic trails, through country which still is almost primitive desert, spotted with camps, brings back the past far better than do most movie Westerns.

But when patches of sand and verbena and other desert flowers tempt you off the road, beware of cholla, sometimes accurately though improperly pronounced "chaw-yuh," the jumping cactus, for it actually seems to leap out and snatch you with its fish-hook barbs.

WALTER O'MALLEY, et al., are making much of the boast that the new Dodger-Angel Stadium is the "first privately financed" baseball park to be built in his country since Yankee Stadium was built in the 20's.

But I wonder if it isn't also the first to be given sufficient close-in ground for a ball park, stadium, parking area for 16,000, and other profitable installations, in exchange for a ten-acre park in a far less accessible area, with the city paying for access roads. Radio reports on opening day said the motor park was full, at $1 a car.

I'm not even thinking of the ball fans favorite cry, "we was robbed," but just pointing out that John Public deserves thanks for quite a bit of that private financing.

"He that ruleth over men must be just, ruling in the fear of God. And he shall be as the light of the morning . . . ; as the tender grass springing out of the earth by clear shining after rain." — Last Words of King David. Old Testament.

"The flames kindled on the 9th of July 1776, have spread over to much of the globe to be extinguished by the feeble engines of despotism; on the contrary, they will consume these engines and all who work them."—Jefferson's "Testament of Freedom."

Do You Wish to See The End of America?

As a rule, this newspaper has refrained from editorial utterances on national and international affairs.

It has preferred to deal almost exclusively with local, county and state issues.

But it believes the time has come when in the interest of preserving our beloved land we must "Cry Havoc" against the scheme of President Kennedy, Adlai Stevenson and the Pinkish-hued State Department to disarm completely and to surrender the sovereignty of the nation so ably fathered on nationalist lines by Washington, Jefferson, Adams, Lincoln and Teddy Roosevelt, and in nine years to replace the Government of the United States with the Government of the United Nations.

★ ★ ★

FOR THOSE who do not believe that this phantom of peace is being prepared by those in authority in Washington, we refer them to the State Department booklet "Freedom From War. The United States Program For General and Complete Disarmament in a Peaceful World."

It may be obtained for 15 cents by writing to American Opinion, Belmont 78, Massachusetts. The booklet itself is published by the Office of Public Services. Bureau of Public Affairs, under auspices of the State Department. It is labeled "Department of State Publication 7277, Disarmament Series 5, Released September, 1961."

This is the fatuous, fallacious project of the present Kennedy Administration.

★ ★ ★

MESSRS. KRUSHCHEV and Mao, despite their own internal troubles, must smile and snicker. What a push-over for Communism!

Oh, yes, surrender of our nation is contingent upon like action of the Communist Soviet Union.

Now who ever heard of Soviet Russia or Red China ever keeping an agreement when they thought it to their own advantage to break it?

The paths of the years since 1917 are strewn with Russia's broken promises and Red China's treacheries—the agreement with Germany, broken by the latter; Korea and the war we lost with 145,000 American casualties at a cost of more than $20 billion; Hungary, with the blood of its patriots not yet washed away by the Danube's stained waters; the brutal suppression of the East German revolt, the Red trickery in Africa, Laos and the Dutch East Indies.

Do we think atheistic Russia and Red China will keep any promises they make to disarm?

They certainly will **NOT.**

★ ★ ★

THE MINUTE we do away with our Armed Forces, the minute we place the fate of our nation in the hands of the inept United Nations, that minute spells the end of America.

Russia and China with their millions of people—cannon-fodder—will pounce on us without delay and on that day, as William Z. Foster, former head of the Communist Party, U.S.A., put it, what will result is this:

"The American Soviet Government will be organized along the broad lines of the Russian Soviets. Under the dictatorship, all the capitalistic parties—Republican, Democratic, Progressive, Socialist, etc.—will be liquidated. Likewise, will be dissolved all other organizations, including Chambers of Commerce, Employers' organizations, Rotary Clubs, American Legion, YMCA, and such fraternal orders as the Masons, Odd Fellows, Eks, Knights of Columbus, etc. Lawyers will be abolished.

"The press, the motion pictures, the radio, the theater will be taken over by the government.

★ ★ ★

"STUDIES WILL be revolutionized, being cleansed of religious, patriotic and other features of bourgeois ideology.

"Decisions of the American Soviet will be enforced by the armed Red guard.

"Citizenship will be restricted to those who do the useful work, capitalists, landlords, clericals and other nonproducers being disfranchised.

"Where the party elects its candidates to legislative bodies they make use of these public forums to bring forward the Communist program.

"The trade unions are the great schools for Communism.

"The free American woman, like her Russian sister, will scorn the whole of bourgeois sex hypocrisy and prudery."

★ ★ ★

CONTRAST THAT with these statements:

Herbert Hoover—"Unless the UN is completely reorganized without the Communist nations in it, we should get out of it."

The late Senator Robert A. Taft—"The UN has become a trap. Let's go it alone."

Lord Beaverbrook, noted British publisher—"Here in New York City, you Americans have the biggest Fifth Column in the world—the United Nations."

And the late John Foster Dulles, when secretary of state, said—"They (United Nations) treaties can cut across the rights given the American people by the Constitutional Bill of Rights."

★ ★ ★

THIS NEWSPAPER does not intend to go into this question in further length.

Simplified, it believes whole-heartedly that the Kennedy, Stevenson, State Department program for disarmament (the giving up of all our arms) and the vesting of our government in the United Nations within nine years, bears the stigma of complete disaster for the United States.

And it is the United States which primarily is our concern.

We say unqualifiedly and unequivocally that the entire program constitutes the supreme betrayal of the United States.

CONSEQUENTLY, we ask every good and loyal American in our community—Sierra Madre, Hastings Ranch, Sierra Madre Villa, the Oaks-Highland and Rosemead-Foothill areas—to wire or write immediatey to President Kennedy and their representatives in the United States Senate and House of Representativs to stop this proposd surrender of our nation.

And let's get out of this United Nations pronto— it has been no good for our country or our people. More and more it becomes apparent that there was vast wisdom in George Washington's admonition to us about the evils of entangling alliances.

The United Nations today is an agency of Communism for the betrayal of America, not for the Freedom of Men. Let's give it back to the Russians and their satellites.

This Year Will Tell the Story

What Will Become of the Woman's Club

EDITOR'S NOTE — The SIERRA MADRE NEWS is interested in seeing that its long-lived and famed Woman's Club is perpetuated. Its elder members are, of course, passing away as time ensues, and many are alarmed lest the club with its spendid clubhouse at 270 W. Sierra Madre Blvd., not be continued.

This newspaper believes that some of the younger element in the city must take over the control of the club else the clubhouse be sold and the city lose one of its most valuable adjuncts.

Last week we printed an editorial along these lines. This week we offer the following taken from the "Annals of Early Sierra Madre" and prepared for us by Mrs. Maybell Caley Barker.

Scene: January, 1907, the lemon ranch home of Capt. and Mrs. Osgood on South Lima St. Dinner guests, Mr. and Mrs. Marcus Copps and Mr. and Mrs. Louis Dietz.

Subject of conversation was Mrs. Osgood's attendance at the Friday Morning Club in Los Angeles the previous day. When asked by Mme. Severance if Sierra Madre had a Woman's Club, she had replied, "No, Sierra Madre cannot support a club."

* * *

BOTH MR. DIETZ and Mrs. Copps were sure if the right people were contacted a Woman's Club could be organized. The town was canvassed and enthusiasm was great. Thus on Feb. 23, 1907, the Sierra Madre Woman's Club was organized.

In the fall of 1908 members were doing their civic duty by being hostesses to the street cleaning gang. Mayor C. H. Jones had proclaimed Nov. 9 a holiday for "Street Cleaning Day."

About this time Monrovia built their Woman's Clubhouse. If Monrovia could have a clubhouse, so could Sierra Madre. A money earning campaign followed. Two lots were bought on West Central Ave. (now W. Sierra Madre Blvd.) Chicken pie suppers were served under much difficulty, as the Town Hall had neither gas nor electricity. Oil stoves were carried up the narrow stairs as were also the pans and other utensils.

* * *

IN SUMMER ice cream socials were popular. Food sales, card parties and lawn parties also had a place.

On May 10, 1909, the cornerstone was laid. From this humble beginning the Sierra Madre Woman's Club has served the community for more than 50 years, being most active in civic affairs and carrying out faithfully the object for which it was organized: To stimulate intellectual development, to promote unity and good fellowship and to strengthen individual, philanthropic and civic effort.

* * *

ALL THIS took place during years when Sierra Madre was more a place apart than it is now. Before television, radio, moving pictures and building of numerous other meeting places such as school auditoriums, church halls and homes of individual organizations.

The property on which the Clubhouse stands is so valuable that a Woman's Club cannot continue to hold it just for their specific needs and to accommodate the occasional needs of other civic groups.

Taxes — more than $1,000 a year—insurance and generad upkeep have become an intolerable burden unless some means can be found for a better use for it.

If the enthusiasm of 1907 could be regenerated in 1962 and the people of the city could decide that it is important enough to the community to support plays, controlled dances and other entertainment the clubhouse might again become the center of the town's social life.

Ideas please! Shall we canvass the town again as in 1907? At one time a survey of the town showed it had 51 organizations.

Can the women support their church groups, the PTA, the Girl Scouts, Campfire Girls, Little League, League of Women Voters, sewing, millinery and music classes given under Adult Education, Friendship Club and still have enthusiasm to support activities that could be offered by the Woman's Club?

The coming year will tell the tale.

News From Sacramento . . .

Forces of Socialism Gain at Capitol

By Henry C. MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO — The forces of Socialism, which appear to be insidiously invading the government of the State of California and enforcement of the laws adopted for governing the people, gained another victory when the Unemployment Insurance Appeals Board issued a ruling against private insurers for state disability plans.

The board, headed by Gerald F. Maher, former press secretary to Governor Edmund G. Brown, fixed certain standards for private insurers which representatives of the voluntary plans permitted by law say are virtually impossible to meet.

* * *

MAHER was joined by Ernest B. Webb in upholding the decision against the private insurers. Webb also is an appointee of Governor Brown.

The single dissent came from Dr. Arnold Morse, whose original appointment to the commission was made before the Governor took office.

Morse said following the decision that he is "still in favor of free enterprise." His dissent characterized the ruling of the director of the Department of Employment, upon which the appeal was based, as one "which is unreasonable, improper and invalid."

However, the case is not completed as yet. The Appeals Board expects it to go through the courts, probably to the State Supreme Court, because of the widespread questions involved.

* * *

Approximately 150 of California's largest business and insurance organizations joined the California State Chamber of Commerce in bringing the case before the Appeals Board.

The department regulation involves the method of determining what risks shall be taken by the private insurance companies which handle voluntary disability insurance plans.

The regulation of the department, headed by Irving Perluss, another appointee of Governor Brown, calls for certain percentages of coverage of women and elderly persons, which the private insurers feel is too high.

The state maintains the private insurers are "skimming the cream" off the workers to be insured, and that the state disability plan is required, therefore, to take more risks than private insurers, which has caused the disability fund to drop below a safe level.

* * *

WHEN DISABILITY insurance was voted back in 1946, attempts were made to eliminate coverage by private insurers through a monopolistic state plan.

This was defeated when representatives of insurers and business firms presented the private insurance plan. The Senate provided the private plan could be installed as a part of the disability program, provided the private plan offered more advantages than the state plan.

Since disability insurance was adopted, private plans have offered more benefits than have the state plan. Even under the new regulations proposed by Perluss, this clause would continue.

But even though the private plan still must offer more than the state this isn't good enough for the Sociaistic order, which seeks through rules and regulations of the Brown Administration to make it so rough for private insurers that they will withdraw from the field.

Letters to the Editor

Dear Editor:

The Pasadena Area Alumnae of Delta Delta Delta is most appreciative of the publicity given to our group, particularly for the picture and article on our recent Scholarship Benefit. Such support plays largely in the success of such events.

We are indeed grateful to the **SIERRA MADRE NEWS** and to the local merchants who made generous gifts to the luncheon: Byron Hopper, Blanchards Wash-Rite, Foothill Credit Co., Hartman Pharmacy, Perry's Stationery and Gifts, Roess Market, Sierra Madre Hardware, Simpsons Cleaners and Don Jackson. — JANE ASHER,
Gifts Chairman.

Dear Editor:

As Mrs. Wood said last week in her Letter to the Editor, Sierra Madre is a home-loving community. I would like to add that it is a community-loving community.

The Planning Commission and City Council appear to have the power to change the very nature of our city, not only its appearance, but the type of people who live here. Do we want more R-3 zoning here?

The handsome new buildings out on the boulevard are certainly attractive, and some of my dear friends live in them. Nevertheless, I'm going way out on a limb, and some of those same friends may want to chop it off.

WE HAVE a fine tradition of community service here. We have many dedicated people who give long hours to serving their fellow Sierra Madreans through the City Council, Planning Commission, Library Board, Parks and Recreation Commission, the PTA, Coordinating Council, Community Chest, Civic Club, Kiwanis and Lions Clubs, Volunteer Fire Department, Search and Rescue Team, and others.

My question is, how many of the people who are active in running these groups live in apartment houses?

Community service works both ways. We make our homes here, put down our roots, raise our children, build our churches, pay our taxes, and help our neighbors as we are able.

If this is the kind of town we want, let's keep it.

—MARGARET ANTHONY

Come to Church Easter Sunday

Ancient Rite of Tenebrae On Maundy Thursday at Congregational Church

The service of Holy Communion with the ancient office of Tenebrae, will be celebrated at the Congregational Church on Maundy Thursday night, at 7:30 o'clock. Walter Rode will be in charge of the Deacons at the Communion Service, and Rudolph R. Hartman will lead the Tenebrae Service.

The Tenebrae Service is an adaptation of an early Fourth Century office. In it, participants read the story of the events of the first Maundy Thursday night. As each man finishes his portion, he extinguishes the candle in front of him. The gradual extinguishing of the lights is symbolic of the flight of the disciples, of the approach of the dark hate of Jesus' enemies, and of the passion of our Lord.

New members will be received into the fellowship of the church prior to the Service of Communion. The Chancel Choir will interpret the mood of the Maundy Thursday.

PILGRIM FELLOWSHIP, youth group of the Congregational Church, will serve an Easter breakfast, from 7 to 9 o'clock Easter Sunday morning, in the church Primary Room. You are invited to come from sunrise services, and then to attend services in the sanctuary of the church, or in your own church.

Duplicate services will be presented at the Congregational Church at 9:30 and 11 o'clock. The Senior Choir, directed by Earle Anderson, and the combined Junior and Hi Fi Choirs, directed by Doris Murphy, will sing at both services. Rev. George W. Lindsay will preach on "The Glory of Easter."

COMBINED CHOIRS of Trinity Presbyterian and Sierra Madre Congregational Churches will present Theodore DuBois' Cantata, "The Seven Last Words of Christ" at the Congregational Church this Friday evening, at 8 p.m.

Eunice Anderson will sing the soprano solos, Nathan Rundlett will be baritone soloist, and Ron Kniss will carry the tenor solos. The choirs will be directed by Earle Anderson. On last Sunday afternoon, the same concert was presented at Trinity Presbyterian Church.

Christian Science Topic 'Atonement'

"Doctrine of Atonement" is the subject of the lesson-sermon to be heard at all Christian Science church services on Sunday. A prophecy from Isaiah (59:20) is the golden text, "The Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, saith the Lord."

This statement of the Master's will be included in the Bible readings (John 10), "I and my Father are one . . . If I do not the works of my Father, believe me not. But if I do, though ye believe not me, believe the works: that ye may now, and believe, that the Father is in me, and I in him."

Mrs. Winifred Nelson was appointed to the Board of Deaconesses to bring that board to full strength.

Elected as church moderator for the coming year was Bill Wiegel from Arcadia.

The offices to which the above-named persons have been elected were made possible through adoption of a new Constitution and Discipline during a special meeting in February which followed a year of study by a constitutional committee.

The church operates on a calendar year basis and those elected this quarter will serve for the next nine months except those elected to two-year terms.

Dr. Schaper To Speak on 'The Victory'

The public is cordially invited to attend all of these services during this Holy Week.

Methodist's Building Fund Delayed

The Sierra Madre Methodist Church building fund campaign has been rescheduled for next year.

This action follows consideration by the Church Development Committee which has been reviewing current progress toward conducting a building fund canvass next fall, as earlier contemplated.

The committee considered many things should be ready preparatory to a successful campaign including a "master plan" with building sketches and acquainting the congregation with the proposed new buildings as well as the needs they would serve.

ALSO AN influence is the fact that many key leaders are new in their positions, including the minister, Rev. Clinton W. Swengel, as well as chairmen of the finance, education, missions and membership commissions.

Considering all these matters, the committee concluded that the need for more building space would be better served by deferring the finance canvass. The Advisory Committee concurred in this decision.

Don't laugh at other's mistakes—it may be your turn next.

PREDICTION:
By 1972, electricity will be serving you twice as many ways as it does today

A library of computer tapes will "read" books to you. Food for a month will be prepared, stored in an electric cooker-freezer, and served automatically.

You will clean your clothes right in the closet with an ultrasonic dry-cleaner. Entire walls will glow with electroluminescent lighting in colors which can be changed to create different moods. These new ideas in modern living depend on electricity.

The electric industry continues to lead in the research to find new ways to produce and use electricity. And logically so. Electricity is our business.

We have already produced it a number of new and different ways, involving the use of fuel cells, nuclear energy, thermionic conversion and magnetohydrodynamics. Whatever the source, electrical energy is limitless, and Southern California Edison will continue to bring you an abundant, dependable supply at the lowest possible rates.

Toy and Patio Village Setup Is Remodeled

Extensive remodeling of the Toy and Patio Village, 140 W. Sierra Madre Blvd., Sierra Madre, has been completed, according to Charles Ower, co-owner.

New and large stocks of exclusive franchised lines of patio, lanai and garden furniture have been added and are now attractively displayed in the overall 9,500 square footage of the store, making the Toy and Patio Village the largest store of its kind in Southern California.

A NEW AND enlarged hobby and model department has been added, coupled with a new children's and adult book department, with science and space subjects featured. The game and toy department also has been attractively enlarged to gladden the heart of every child.

By popular request the Toy and Patio Village has been awarded the exclusive franchise to sell Brown Jordan, Ames Wire and California Wrought Iron patio and lanai furniture manufacturers. According to Ower, these manufacturers feature quality at its best, which is in great demand by discriminating home owners. These franchised lines are of the finest in their field.

ALSO FEATURED through franchise in this area are bowling and sporting goods, Schwinn bicycles and Standard pool and patio furniture, states Ower.

Everyone is invited to visit the newly remodeled store which will surely please every child and adult in their easy selection from the large and exciting displays.

Annual 1c Sale To Open at Hartmans

April 29 marks the starting date of another Rexall Original 1c Sale at the Hartman Rexall Drug Store, 28 N. Baldwin. This traditional sale will again feature scores of nationally advertised Rexall products which may be purchased at two for the regular price of one, plus a penny.

Rudolph R. Hartman, speaking for the Hartman Rexall Drug Store, said that customers will find specially selected items for men, women and children. "Particular care has been taken to offer items that are useful during the spring and summer seasons—items for all members of the family as well as many items for the home. Besides the many 1c sale features, shoppers also will find plus values in money savers and surprise buys which are not on the 1c sale plan, but were specially purchased for this event to offer customers big savings."

Hartman Rexall Drug Store is offering customers advance shopping lists which permit a customer to check off the items he wants before the sale starts. If he leaves the list with a salesperson, he may return on the first day of the sale and his order will be ready.
